PROFILE

Web3 operator with experience across business development, community management, and ecosystem representation. I work between partnership conversations and community execution, helping teams identify collaborators, communicate product updates, coordinate campaigns, and maintain useful feedback loops.

EXPERIENCE

2025 - 2026

Business Development Lead

[Bitget Wallet](#)

Identified and qualified partnership opportunities across protocols, applications, and chains. Supported proposals and coordinated conversations across product, growth, and marketing stakeholders.

2025

Business Development Lead

[Victus Global](#)

Supported strategic outreach, ecosystem expansion, launchpad relationships, investor conversations, and go to market coordination.

Current

Community Manager

[Solen / Solana AI](#)

Manage community operations across Discord and Telegram, including moderation, engagement programs, AMA coordination, announcements, and communication between the core team and community.

CORE CAPABILITIES
